HIGHLIGHTS

- At a special meeting on 7 January the CPA approved the agreement with Gateway New London LLC for the long-term operation of State Pier in New London. The decision came after a rigorous competitive selection process designed to determine the highest and best use of State Pier and to find a partner with the capability to deliver expanded economic opportunity to the state.
- Following CPA's special Board meeting on 30 January Governor Ned Lamont visited New London to announce a new partnership between the Connecticut Port Authority, Gateway Terminal, and the City of New London regarding the future of the Connecticut State Pier. Under the terms of the partnership, which was brokered by Governor Lamont's office, New London will receive 10 percent of the Port Authority's share of the revenue from the State Pier, in addition to an annual \$75,000 fee to defray the cost of police, fire, and other services the city provides. The Port Authority will also support efforts to amend its enabling statutes to provide the City of New London with a voting member on its Board of Directors.
- From 16-20 January CPA sponsored and participated in the 50th Annual Hartford Boat Show hosted at Mohegan Sun.
